THE NEW, REVOLUTIONARY SYSTEM

70-CM-DEEP WORKTOP

Promotion valid until 28/02/2026
PRICES DO NOT INCLUDE V.A.T.

**Beta keeps evolving in line with
The new, revolutionary**

market trends system, RSC50 2.0.

Beta keeps evolving in line with market trends, to successfully take up the challenges of the future.
As a result, the workshop equipment combination, RSC50, has been upgraded into the new, revolutionary system, RSC50 2.0.

The new 70-cm-deep worktop, the three types of material to choose from (sheet metal, multi-ply wood and stainless steel coated MDF) make RSC50 2.0 a one-of-a-kind ITALIAN-MADE line.

RSC50 2.0 means a perfect combination of modern design and unparalleled functionality.
Designed to satisfy today's professionals' requirements.

QUALITY

Our acclaimed care in choosing the materials, painstaking attention for detail and, last but not least, the captivating design make the RSC50 2.0 a one-of-a-kind workshop equipment range.

FLEXIBILITY

Each workshop equipment combination can be extended or modified at any time as required. You can choose the material of your worktop: sheet metal, multi-ply wood or stainless steel coated MDF.

COMPATIBILITY

The drawers in Beta's standard dimensions (588x367 mm) can accommodate the numerous tool modules, which are available in both soft and hard versions, made from EVA and ABS respectively.

The 70-cm-deep worktop

means having a large, convenient, functional work surface available. It can be fitted with a vice, thereby allowing heavy-duty jobs to be carried out.

EFFICIENCY

Simple, quick installation, based on the optimized production of the various parts of the range.

The new workshop equipment range, RSC50 2.0, comprises preassembled combinations, developed by Beta for professionals; alternatively, you can design your workplace on your own, choosing from many under-bench modules, wall-mounted cabinets and furnishing accessories.

The workshop equipment range, RSC50 2.0, comprises preassembled combinations, developed by Beta for professionals; alternatively, you can design your workplace on your own, choosing from many under-bench modules, wall-mounted cabinets and furnishing accessories.

3D PLANNER

CONFIGURE YOUR WORKSHOP IN 3D ONLINE

DRAW THE WALLS

Create the walls according to the dimensions of your workshop.

DESIGN your workbench system

Select and assemble the component parts, to make your own combination.

VIEW the result in 3D

The combination is immediately displayed in 3D and can be viewed from different angles.

REQUEST a quote

Print the detail of the arrangement in PDF format and take it to your dealer to get a quote.

CUSTOMIZED MODULES ON REQUEST

FILL YOUR DRAWERS WITH CUSTOMIZED MODULES IN SIX STEPS

1

Determine your needs and send your project to the Beta dealer

2

Image	Product	Cod. Beta
	Self-locking pliers	010540022
	Pliers	010440025
	Pliers	011500046
	Screwdrivers for slotted head screws	012011039
	Screwdrivers for cross head Phillips® screws	012021018

We will receive and codify your initial assortment of the project

3

We will execute the design

4

We will submit the final layout for your approval

5

We will build the soft modules in Beta's factory in Sovico

6

We will deliver the tools in the customized modules
