

BETA 1066
Adjustable self-locking pliers, 90°
locking angle

Features

Self-locking pliers for assembly operations

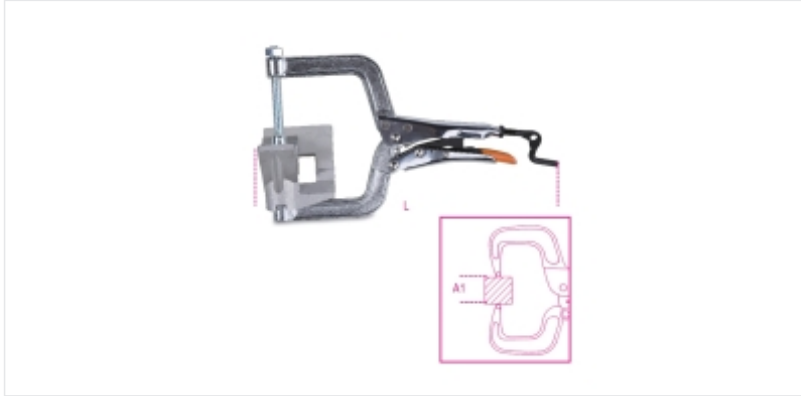

PLIERS FOR PERPENDICULAR PROFILES

Self-locking pliers designed to facilitate the welding of several profiles at right angles.

LIGHT AND ADJUSTABLE

Lightweight pliers with a secure and guaranteed grip thanks to the clamping by means of a screw at the rear of the body, thus increasing and decreasing the pressure on the parts to be clamped.
