

## BETA 1098NPL Construction Workers' Pincers with PVC-coated handles

### Certifications and Standards

ISO 9242 DIN 5242

## Features

Robust construction worker's pincers for precise applications and PVC handles

### VERSATILITY

A simple but extremely effective tool, it allows you to twist and cut threads in a single operation.

### PRECISION

The profile of the cutting edges is designed to optimise cutting operations while applying minimum effort.

### HANDLING

Ergonomic handles designed to facilitate rotation of the tool during use and speed up cutting and twisting operations on site.

### MAXIMISED LEVERAGE EFFECT

Tool with refined lines to maximise leverage while minimising operator effort.

### ERGONOMIC PROFILE

Design developed with professionals to speed up the everyday actions of cutting and twisting wires.

### INDUCTION HARDENED CUTTING EDGES

The cutting edges, the part subject to the greatest wear, have undergone a second heat treatment to make them harder and more durable.

### EASY OPENING

Pivot-handle system designed to facilitate opening using gravity and lighten the user's workload.

## Certifications and Standards

ISO 9242 DIN 5242
