

BETA 1098N Construction Workers' Pincers

Certifications and Standards

ISO 9242 DIN 5242

Features

Sturdy construction worker's pincers for precision applications.

VERSATILITY

Cut and strip wires in a single operation.

PRECISION

The profile of the cutting edges is designed to optimise cutting operations while applying minimum effort.

HANDLING

Ergonomic handles designed to facilitate rotation of the tool during use and speed up cutting and twisting operations on site.

MAXIMISED LEVERAGE EFFECT

Tool with refined lines to maximise leverage while minimising operator effort.

ERGONOMIC PROFILE

Design developed with professionals to speed up the everyday actions of cutting and twisting wires.

INDUCTION HARDENED CUTTING EDGES

The cutting edges, the part subject to the greatest wear, have undergone a second heat treatment to make them harder and more durable.

EASY OPENING

Pivot-handle system designed to facilitate opening using gravity and lighten the user's workload.

Certifications and Standards

ISO 9242 DIN 5242
