

BETA 1169MQ/D2

Assortment of insulated combination pliers (1 pcs.) and insulated diagonal cutting nippers

Certifications and Standards

Features

The 1,000V insulated tools set consists of combination pliers and diagonal cutting nippers to combine functionality and safety.

SAFETY

Each tool undergoes rigorous safety checks, ensuring maximum protection when working on live equipment up to 1,000V AC and 1,500V DC.

MECHANICAL PERFORMANCE

Beta insulated tools offer a high level of safety without sacrificing mechanical performance, comparable to non-insulated tools. This allows operators to work efficiently and precisely, while guaranteeing maximum protection.

INSULATION 1,000V

The handles are designed and tested for maximum operator safety.

INDISPENSABLE

The insulated diagonal cutting nippers and pliers are indispensable tools for any professional who needs to work with maximum safety.

Certifications and Standards

1150MQ: n. 1 combination pliers 1000V □ 180 mm
