

## BETA 1696B

Level with magnetic base in anodized profiled aluminum with two unbreakable vials

### Features

Featuring a magnetic base in anodized profiled aluminum and unbreakable vials, the Beta 1696B levels are precise and durable measuring tools.

#### MAGNETIC

Equipped with powerful magnets, it can be firmly anchored to any metal support, ensuring precise measurements.

#### HIGH PRECISION

With a professional accuracy of 1 mm/m, these levels ensure accurate results in every application.

#### LIGHTNESS AND RESISTANCE

The anodized aluminum profile offers a lightweight yet durable structure, ideal for use in professional environments and for transportation without compromising robustness.

#### MADE IN ITALY

Designed and made in Italy with the best components to guarantee an unbreakable and shockproof product.

#### EXCELLENT READABILITY

The new improved semi-cylindrical shaped vial ensures even easier reading compared to standard rectangular vials.

#### VERTICAL LEVEL

The vertical level is ideal for even more practical and precise measurements.

#### HANGING HOLE

The hole allows you to easily hang the level when not in use, making it always available and avoiding loss.
