

BETA 1696
spirit levels made from anodized profile aluminium, with 2 unbreakable vials, accuracy: 1

Features

Anodised profiled aluminium spirit levels

HIGH ACCURACY

Precision is a key factor in ensuring that objects are level: this spirit level offers a professional accuracy of 1 mm/m.

LIGHTNESS AND RESISTANCE

Made of anodised aluminium, these spirit levels guarantee lightness without loss of reliability and quality. Very practical to carry with you.

MADE IN ITALY

Designed and manufactured with the best components to guarantee an unbreakable and shockproof product.

EXCELLENT READABILITY

A new, improved semi-cylindrical vial ensures even easier reading than standard rectangular vials.

VERTICAL SPIRIT LEVEL

With a vertical spirit level for maximum measuring convenience.

HANGING HOLE

Thanks to the hole, it can be hung up when not in use, making it always available and preventing loss.
