

BETA 1729MF

Multi-purpose saw, for metal, plasterboard, wood and plastic

Features

A multi-purpose saw for every need.

4 IN 1

One tool, four functions: the ideal solution for quickly adapting to any material.

EXTREME PRACTICALITY

Lightweight and compact, it fits perfectly into any work bag, ensuring that the right tool is always at hand when needed, without taking up valuable space.

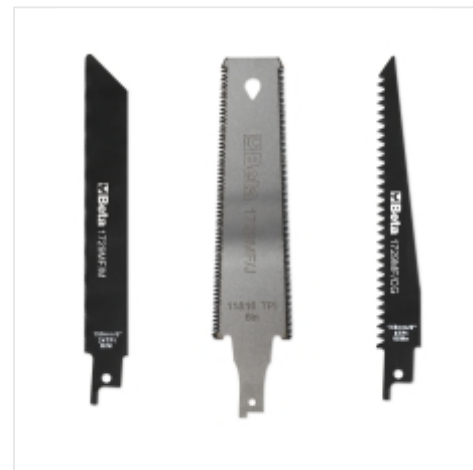

SAFETY AND SIMPLICITY

The blade can be replaced quickly thanks to its release system, without compromising safety.

STURDY HANDLE

The ergonomic handle ensures a secure and comfortable grip, reducing fatigue and improving cutting precision.

COMPLETENESS

Supplied with three different blades to meet every need.
