

## BETA 1833MW

### High-brightness LED torch, wireless rechargeable

### Certifications and Standards

CE IP68  
IK07

## Features

The high-illuminated LED torch represents a combination of versatility, performance and advanced technology.

### WIRELESS TECHNOLOGY

Wireless charging technology, a recent innovation in work lighting, allows convenient and fast charging. Charging time: 4 hours via USB port, 6 hours via wireless charging base. Unprecedented efficiency in professional lighting.

### ADJUSTABLE LIGHT INTENSITY

With four different light intensities, this lamp offers unprecedented lighting versatility to meet a wide range of professional needs.

### LIGHTWEIGHT AND VERSATILE

Weighing only 215g and compact in size, this LED torch stands out for its ease of use and portability. The addition of the side magnet offers excellent versatility for multiple applications

### WATER, DUST AND SHOCK PROTECTION

The headlamp boasts an IP68 waterproof rating, and has been tested for impact resistance according to the IK07 standard. These features guarantee safe operation even in outdoor environments.

### CHARGING INDICATOR

Presence of 3 LED battery charge indicators

- Flashing green LEDs: torch is charging
- Steady green LEDs: fully charged

### TORCH POWER BUTTON

To turn the torch on or off, simply press the ON/OFF switch. When switched on, the light is activated in Read mode.

### BRIGHTNESS ADJUSTMENT BUTTON

Illumination adjusted via mode switch (from an initial reading mod:)

- one click - ECO
- two clicks - normal
- three clicks - full power
