

BETA 1852RL-S/45
Round coils, Ø 45 mm, for
induction heater item
1852RL3700

Features

Round coils Ø45 mm for 3.7 kW induction heaters, ideal for heating round metal components quickly and precisely.

EVEN AND RAPID HEATING

Ensures precise and fast heating, optimising operating time.

DURABILITY AND RELIABILITY

Durable materials and liquid cooling system ensure long-lasting performance even during intensive cycles.

EVEN AND RAPID HEATING
