

1927OLS/KVA

Tyre kit with Oil-less 1927OLS impact spanner, 666/20 torque spanner and socket spanner 720LC/C3

Kit consisting of:

- OIL-LESS 1927OLS reversible screwdriver with aluminium alloy body
- Zero-Reset torque spanner 666/20 for right-hand tightening accuracy $\pm 3\%$.
- 3 socket spanners Machine 720LC/C3 for wheel nuts with coloured polymer inserts

Features reversible screwdriver 1927OLS:

- Torque transmission of 1,750 Nm
- Double hammer impulse mechanism
- Balanced and powerful with unrivalled durability
- Reversing lever control
- Three different power levels when screwing
- Air exhaust through handle
- Anti-vibration handle
- No lubrication required
- Double hammer impulse mechanism

666/20 torque spanner features:

ZERO-RESET TECHNOLOGY: Thanks to higher-performance materials and improved heat treatment of the spring and adjustment system components, it is no longer necessary to unload the spanner at the end of use.

EASE OF SETTING: The graduated scale with the addition of a nonius allows the setting of even the smallest fractions of a range, down to a tenth of a Nm.

IMPROVED VISIBILITY: Dual Nm scales for clearer and simpler torque visibility and easy setting,
