

BETA 1984/K1200

1/2" 20V BRUSHLESS battery reversible impact wrench - 1200 Nm

Impact wrench up to 1200 Nm: ideal for those looking for extraordinary power to tackle even the most demanding jobs.

Complete case with screwdriver, 2 batteries and quick charger. The ideal choice for working autonomously and without constraints in any situation.

Weight:

Certifications and Standards:

Features

The screwdriver with BRUSHLESS (brushless) digital motor offers power, superior performance, energy efficiency and long motor life.

EFFICIENCY

Thanks to its high torque, this tool allows fast screwing and unscrewing of bolts, significantly reducing working time.

VERSATILITY

Extremely versatile, the screwdriver is ideal for multiple maintenance tasks, not only in the workshop.

RELIABILITY

With the Autostop function, nuts or bolts are not damaged: the screwdriver applies max. torque until the nut is completely unscrewed and then stops automatically.

Operational advantages and benefits

BRUSHLESS MOTOR

Brushless motor offers more power, lower energy consumption, extended motor life, better power dosage from the button.

LONGER LIFETIME

The all-metal gearbox ensures excellent build quality and long lifetime of the screwdriver.

ERGONOMICS

Nonslip handle for greater comfort during work.

BATTERY RELEASE

Practical button for quick and easy battery removal.

REVERSE ROTATION

Screw-unscrew selector switch (during transport).

TORQUE ADJUSTMENT

3 different torque and RPM settings to suit different work requirements in screwing and unscrewing.

WORKING AREA ALWAYS ILLUMINATED

Front LED to illuminate the work area.

CONVENIENCE

Right/left belt clip for convenient transportation

COMPLETE KIT

Supplied in a practical hard case with 2 lithium ion batteries (6 Ah) and quick charger.
