

## BETA 1994CB 12V

### Quick battery charger, 12V, 110V-240V

### Certifications and Standards

## Features

The ideal solution for those looking for optimum efficiency and fast charging.

### FAST CHARGING

Quick battery charger for fast charging of 12V power tool batteries, reducing downtime and increasing productivity.

### EASE OF USE

Easy to use and carry, allowing the battery of power tools to be charged wherever they are.

### BATTERY LIFE

Thanks to its ability to quickly recharge the battery, the quick battery charger can extend the battery capacity of power tools.

### BATTERY SEAT

The battery fits easily into its slot.

### LED INDICATOR

Practical LED charge level indicator to monitor battery charge status.

### FAST CHARGING

In just 50 minutes, the battery is fully recharged, guaranteeing continuity and performance without interruption.

## Certifications and Standards
