Strumenti antiscintille in lega beta-berillio (Beryllium) a cui devono essere adottati i debiti
precauzioni di sicurezza e di protezione dell'operatore dall'esplosione.

Lesen Sie bitte sorgfältig die Anweisungen für den sicheren Gebrauch.

These sparkproof tools cannot be used in contact with explosives or with devices that produce
explosions.

Always use care with the copper-beryllium tool surfaces against sparks, especially
with any explosive vapors.
