

426A/SP6
Set of 6 countersinking cutters, with three asymmetric spiral cutters, made from HSS

Ø 6.3 - 8.3 - 10.4 - 12.4 - 16.5 - 20.5 mm

 283 g

 100x145x40 mm

Reduced vibration:

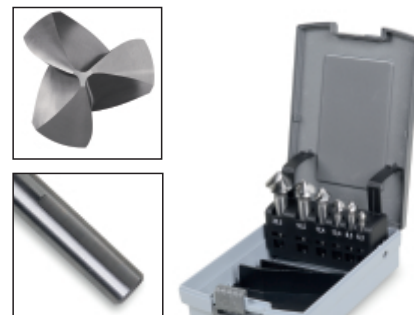

Peculiarly shaped, asymmetric cutters result in significantly reduced vibration and improved finish

High working speed:

Spiral geometry for extremely quick chip removal, thereby resulting in higher working speed.

Perfect hold:

Shank with 3 smooth surfaces ensures a perfect hold for jaws on spindle, thereby preventing slipping, and optimal force transmission.
