

BETA 429FP/C7
Assortment of 7 machine taps
429FP, made from HSS-CO 5%

Features

BETA 429FP/C7 is resistant to high temperatures and ideal for drilling hard metals with precision while maintaining sharpness.

ENRICHED WITH COBALT

The addition of 5% cobalt significantly improves the heat resistance and wear resistance of the taps.

IDEAL FOR HARD MATERIALS

Particularly effective on hard metals, withstanding high working conditions even under high thermal stress.

INDUSTRIAL RELIABILITY

Designed to meet production and maintenance requirements in industrial environments.
