

## BETA 5000 RSC50/PLEDC-ST Aluminium profile with LED strip and SOFT TOUCH switch for workshop equipment

### Certifications and Standards

### Features

Aluminium profiles with LED strips offer impeccable lighting, transforming work areas into efficient and functional spaces.

#### GUARANTEED BRIGHTNESS

The integrated 6.5W LED strip, with its high LED density, offers excellent light uniformity.

With a brightness of 500 lumens and a light colour of 4,000 K, it is the perfect choice for sophisticated lighting.

#### SOFT TOUCH SENSOR

The integrated touch sensor allows the LED strip to be illuminated and the light intensity to be dimmed easily and effectively.

#### VERSATILITY

Each LED strip comes with cables of different lengths, designed to offer maximum application versatility.
