

BETA 5000 RSC50 2.0/PLEDC Aluminium profile with LED strip, for workshop equipment combinations

Certifications and Standards

Features

Aluminium profiles with LED strips offer impeccable lighting, transforming work areas into efficient and functional spaces.

GUARANTEED BRIGHTNESS

The integrated 6.5W LED strip, with its high LED density, offers excellent light uniformity.

With a brightness of 500 lumens and a light colour of 4,000 K, it is the perfect choice for sophisticated lighting.

VERSATILITY

Each LED strip comes with cables of different lengths, designed to offer maximum application versatility.
