

605BC/15

Click-type torque wrench, compact, made from aluminium, up to 15 Nm

UNI EN ISO 6789

The smallest torque wrench of Beta's range: compact and easy to use, it provides an ideal combination of convenience and simplicity within reach.

Based on its compactness and capacity (3-15 Nm), this torque wrench is ideal for low-torque use (e.g. in the cycling industry).

Lightweight, compact and pocket-sized: the ideal tool for everyday use.

Features:

- Accuracy: $\pm 4\%$, right-hand
- Reversible ratchet, 72 teeth
- Right-hand tightening
- 1/4" square drive
- Unit of measurement: Nm
- Compact: no more than 17.5 cm
