

9549SBW
Wireless BT 5.0 speaker, portable, 6 functions, compact and durable, making it easy for you to listen to your favourite music at any time.

CE

BT version 5.0 provides an extended wireless range and efficient connection to mobile phones or BT devices.
 The other auxiliary ports (TF, USB, 3.5-mm jack) and the FM radio function allow the speaker to be used at any time and place.
 The call function is also available.

MULTIFUNCTIONAL

Based on its 6 functions, the speaker stands out as versatile, and can be used at any time and place, indoors as outdoors.

FUNCTIONS:

- BT play
- TF card play
- USB play
- audio 3.5 mm jack
- FM radio
- call function
