

## 9775 - Water Stop

## Fabric waterproofing spray

### Features:

- Suitable for textiles and leather
- Ideal for footwear, jackets and clothing in general
- Allows fabrics to be waterproofed, without affecting breathability
- Stain resistant
- Provides improved resistance to bending and abrasion

### DIRECTION FOR USE:

Spray the product onto the surface that needs treating (it must be clean and dry) at a distance of 15 cm. Leave to dry for at least 2 hours. For optimal results, leave to act for 10-12 hours.

Not for sale in: Andorra, United Arab Emirates, Dominican Republic, Spain, Hungary, Portugal, China, Czech Republic, Poland, Slovenia, Slovakia
