

BETA C45PRO 2.0 PWE/2-1,3MT

Worktop C45PRO 2.0, made from multi-ply wood, 1360x615 mm

Robustness and versatility in a single product.

With a sturdy 38 mm thickness and the possibility to mount a 1599P/150 vice, this worktop is the perfect choice for providing strength and versatility to any project.

Weight:  17 kg

Features

Durability and versatility: the multi-layer wood work surface is the ideal choice for a durable and multifunctional work environment.

EXCEPTIONAL STRENGTH AND DURABILITY

The multilayer wooden work surface offers superior strength and durability, making it ideal for intensive use in the workshop. The quality of the materials guarantees a stable and safe surface for all your machining tasks.

VERSATILITY AND FUNCTIONALITY

The 38 mm thickness provides stability and solidity to the work surface, allowing the safe mounting of a 1599P/150 vice (to be ordered separately).

This feature increases the versatility of the bench, making it suitable for a wide range of tasks and improving efficiency and productivity in the workshop.
