

BETA C45PRO 2.0 PXE/1-0,7MT
Worktop C45PRO 2.0, made from
stainless steel coated MDF,
680x615 mm

Features

Durability and versatility: the MDF and stainless steel work surface is the ideal choice for a durable and multifunctional work environment.

DURABILITY AND RESISTANCE

The stainless steel-coated MDF work surface guarantees a robust and resistant surface.

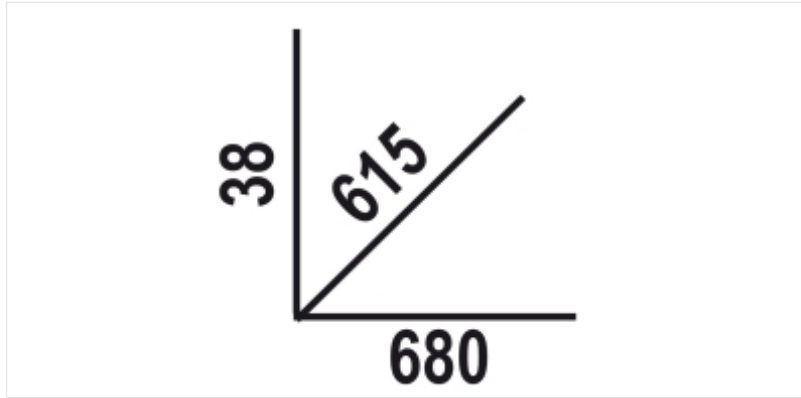

The stainless steel protects the MDF underneath, making the top resistant to shocks, scratches, and corrosion, ideal for a workshop environment.

VERSATILITY AND FUNCTIONALITY

The 38 mm thickness provides stability and solidity to the work surface, allowing the safe mounting of a 1599P/150 vice (to be ordered separately).

This feature increases the versatility of the bench, making it suitable for a wide range of tasks and improving
