

BETA RSC50 2.0 DW

Workshop equipment combination RSC50 2.0

Features

A Made in Italy product that combines modern design and functionality guaranteeing quality, reliability and a high level professional experience.

OPTIMAL SPACE AND FUNCTIONALITY

The work surface, with a depth of 70 cm, offers a large and comfortable surface area, ideal for maximum functionality during professional use.

QUALITY

Every material is carefully chosen, guaranteeing high quality standards that are reflected in every detail of our workshop furniture.

MODULARITY

Thanks to its modular structure, the RSC50 2.0 line allows the work environment to be completely customised according to available space and specific requirements.

EFFICIENCY

The optimised production of the components in the RSC50 2.0 range allows intuitive and rapid assembly, minimising the number of steps required to assemble the furniture.

RESISTANT SURFACE FOR ANY WORK

The worktop made of multilayer wood offers robustness and resistance to high loads, making it perfect for intensive and continuous work.

COMPATIBILITY

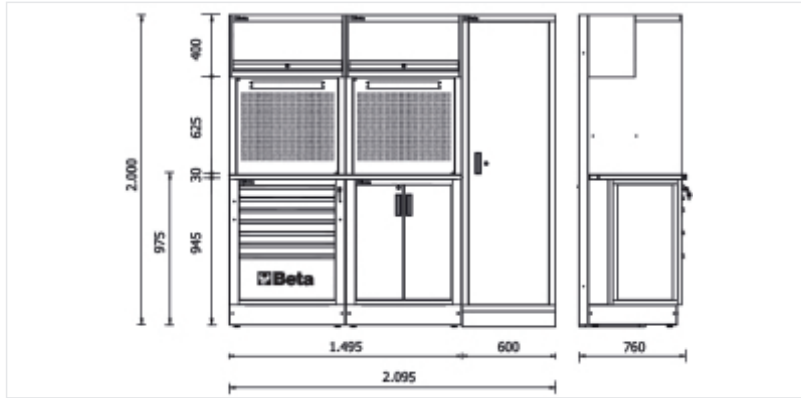

The drawers, measuring 588x367 mm, can hold numerous tool modules, available in soft EVA or hard ABS versions.

FIXED MODULE WITH 2 DOORS

All bulky tools can be stored behind solid doors, safe and well organised.
