

BETA RSC50 2.0 KNAI-W
Lower corner module, for
workshop equipment
combination RSC50 2.0

Features

The ideal solution for those looking for quality and practicality in their work environment.

MAXIMISATION OF WORK SPACE

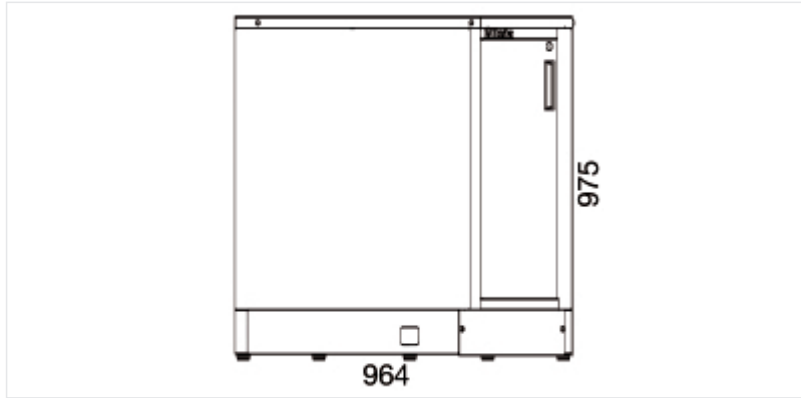

The corner worktop made of 964x964 mm multilayer wood offers a large, strong and durable surface area, ideal for various tasks in the workshop.

The angular shape makes the best use of space, optimising the work area without waste.

VERSATILITY

Thanks to the fixed module with large storage compartment, the necessary tools and materials can be efficiently organised, keeping the work area tidy.
