

BETA T122

ABS thermoformed tray with torque wrench 666/20

Certifications and Standards

Features

The perfect accessory for those looking for a way to organise their tools efficiently and professionally.

ORDER

Thanks to the thermoformed design, the torque spanner is always at hand.

ZERO-RESET

The thermoformed includes the innovative Zero Reset spanner with a reversible ratchet for right-handed tightening with a tightening accuracy of $\pm 3\%$. Reaching the set torque is signalled by a mechanical click perceptible to hearing and touch.

EASY CLEANING

Thermoformed tray made of ABS, an easy-to-clean material.

GUARANTEED PROTECTION

The impact and chemical-resistant material ensures maximum protection for all tools.

EFFICIENCY

Foam trays improve operational efficiency through the organised arrangement of tools and project a professional image.

Certifications and Standards

666/20: n. ZERO-RESET click-type torque wrenches □ 40 - 200 Nm
